CALL FOR PAPERS

4th International Conference on Electronic Engineering and Renewable Energy

May 31 - 2 June 2024
Saidia - Morocco

The Fourth Edition of the International Conference on Electronic Engineering and Renewable Energy (ICEERE'2024) is going to be the international forum for the presentation of new advances and research results in the fields of Electronic Engineering, Internet of Things, Embedded Systems, Communication and Renewable Energy. This will focus on the innovative applications of AI to address the critical challenges in energy systems, energy materials, energy chemistry, energy utilization & conversion, energy & society, as well as other important issues.

The Electronic Engineering and Renewable Energy Systems Conference has been held continuously since 2018 with the success of three editions: ICEERE'18, ICEERE'20 and ICEERE'22. Over the years, it has become a respected and mature event, under the technical and scientific co-sponsorship of the community comprising a large group of leading scientists at the international scale. The fourth conference ICEERE 2024 will be held in Be Live Hotel 5* - Saidia, Morocco from May 31 to 2 June, 2024. It covers a wide spectrum of Conference Topics:

- Sensors, Communications and Network
- Wireless and Mobile Communication
- Electronics Engineering and Microelectronics
- Materials, Devices, Circuits and Systems
- Biomedical devices & Medical image processing
- Robotics and Autonomous Systems
- IoT, Machine Learning and Deep Learning
- Smart IoT, Embedded Systems & Industry 4.0
- Signal, Vision and Image Processing
- Power Electronics, Systems and Applications
- Renewable energy applications
- Electric Vehicles
- Electrical Systems
- Energy Storage and Management
- Smart Homes, Cities and Communities
- Smart Grids & Microgrids
- Artificial intelligence in RE applications
- Renewable Energy Markets and Policies
- Hydrogen and Fuel Cell Research
- Precision Agriculture
- Soil and water management techniques

Keynote speakers:

- Mr. Mohamed Ait Alla, Senior Principal Architect at Google Cloud Paris, France
- Dr. Gilles Dequen, University of Picardie Jules Vernes (UPJV), France
- Dr. Khalid Radouane, Vice-President of New Technologies at EDF Renewable, France
- Dr. Michele Cali, University of Catania, Italy
- Dr. Senhorinha teixeira, University of Minho, Portugal
- Dr. Hamid Madani, Faculty of Medicine and Pharmacy of Oujda, UMP, Morocco

IMPORTANT DEADLINES

Full paper submission.......................... January 31th, 2024
Notification of paper acceptance.........February 26th, 2024
Camera-ready paper submission.............March 29th, 2024
